ANNEXES TO THE AGREEMENT

Annex "A" is a description of the area covered and affected by this Agreement, hereinafter referred to as the "Area".

Annex "B" is a provisional illustrative map on the scale of approximately 1:500,000 indicating the Area covered and affected by this Agreement and described in Annex "A".

Annex "C" is the form of a Letter of Guaranty to be submitted by DOVER INVESTMENT LIMITED to EGPC one (1) day before the time of signature by the Minister of Petroleum of this Agreement, for guaranteeing the execution of CONTRACTOR's minimum Exploration obligations hereunder for the initial three (3) year Exploration period by paying and/or transferring a quantity of crude oil sufficient in value to cover the shortfall between the sum of three million and five hundred thousand ($3,500,000) U.S. Dollars and the amount of money spent by CONTRACTOR and approved by EGPC. In case CONTRACTOR extends the initial Exploration Period for Two (2) additional periods each of two (2) years respectively, each in accordance with Article III (b) of the Agreement, a similar Letter of Guaranty shall be issued and be submitted by CONTRACTOR on the day the CONTRACTOR exercises its option to extend. The first such
letter of Guaranty shall be for guaranteeing the payment and/or transfer of a quantity of crude oil sufficient in value to cover the shortfall between the sum of four million U.S. Dollars ($4,000,000) and the amount of money spent by CONTRACTOR and approved by EGPC and the second such Letter of Guaranty shall be guaranteeing the payment and/or transfer of a quantity of crude oil sufficient in value to cover the shortfall between the sum of four million and five hundred thousand U.S. Dollars ($4,500,000) and the amount of money spent by CONTRACTOR and approved by EGPC less in both instances any excess expenditures of the preceding Exploration period permitted for carry forward in accordance with Article IV (b) third paragraph of this Agreement. Each of the three Letters of Guaranty shall remain effective for six (6) months after the end of the relevant Exploration period.

It is understood that EGPC at any time has the right to give notice to CONTRACTOR to submit a bank letter of guarantee, in case the letter of guarantee by production is not sufficient to cover his financial obligations for the current period(s).

Annex "D" is the form of a Charter of the Operating Company to be formed as provided for in Article VI hereof.

Annex "E" is the Accounting Procedure.

Annex "F" is a current map of the National Gas Pipeline Grid System established by the Government. The point of delivery for gas shall be agreed upon by EGPC and CONTRACTOR under a Gas Sales Agreement, which point of delivery shall be located at the flange connecting the development lease pipeline to the nearest point on the National Gas pipeline Grid System as depicted in Annex "F" or as otherwise agreed by EGPC and CONTRACTOR.

Annexes "A", "B", "C", "D", "E" and "F" to this Agreement are hereby made part hereof, and they shall be considered as having equal force and effect with the provisions of this Agreement.
ARTICLE III

GRANT OF RIGHTS AND TERM

The GOVERNMENT hereby grants EGPC and CONTRACTOR subject to the terms, covenants and conditions set out in this Agreement, which insofar as they are contrary to or inconsistent with any provisions of Law No. 66 of 1953, as amended, shall have the force of Law, an exclusive concession in and to the Area described in Annexes "A" and "B".

(a) The GOVERNMENT shall own and be entitled, as hereinafter provided to a royalty in cash or in kind of ten percent (10\%) of the total quantity of Petroleum produced and saved from the Area during the development period including renewal. Said royalty shall be borne and paid by EGPC and shall not be the obligation of CONTRACTOR. The payment of royalties by EGPC shall not be deemed to result in income attributable to the CONTRACTOR.

(b) An initial Exploration period of three (3) years shall start from the Effective Date. Two (2) successive extensions to the initial Exploration period, each of two (2) years respectively, shall be granted to CONTRACTOR at its option, upon not less than thirty (30) days prior written notice to EGPC, such notice to be given not later than the end of the then current period, as may be extended pursuant to the provisions of Article V (a), and subject only to its having fulfilled its obligations hereunder for that period. This Agreement shall be terminated if neither a Commercial Oil Discovery nor a Commercial Gas Discovery is established by the end of the seventh (7th) year of the Exploration period, as may be extended pursuant to Article V (a). The election by EGPC to undertake a sole risk venture under paragraph (c) shall not extend the Exploration period nor affect the termination of this Agreement as to CONTRACTOR.
(c) Commercial Discovery:

(i) A Commercial Discovery - whether of Oil or Gas - may consist of one producing reservoir or a group of producing reservoirs which is worthy of being developed commercially. After discovery of a Commercial Oil or Gas Well CONTRACTOR shall, unless otherwise agreed upon with EGPC, undertake as part of its Exploration program the appraisal of the discovery by drilling one or more appraisal wells, to determine whether such discovery is worthy of being developed commercially, taking into consideration the recoverable reserves, production, pipeline and terminal facilities required, estimated Petroleum prices, and all other relevant technical and economic factors.

(ii) The provisions laid down herein postulate the unity and indivisibility of the concepts of Commercial Discovery and Development Lease. They shall apply uniformly to Oil and Gas unless otherwise specified.

(iii) CONTRACTOR shall give notice of a Commercial Discovery to EGPC immediately after the discovery is considered by CONTRACTOR to be worthy of commercial development but in any event with respect to a Commercial Oil Well not later than thirty (30) days following the completion of the second appraisal well or twelve (12) months following the date of the discovery of the Commercial Oil Well, whichever is earlier or with respect to a Commercial Gas Well not later than twenty four (24) months following the date of the discovery of the Commercial Gas Well (unless EGPC agrees that such period may be extended) except that CONTRACTOR shall also have the right to give such notice of Commercial Discovery with respect to any reservoir or reservoirs even if the well or wells thereon are not "Commercial" within the definition of "Commercial Well" if, in its opinion, a reservoir or a group of reservoirs, considered collectively, could be worthy of commercial development.
CONTRACTOR may also give a notice of a Commercial Oil Discovery in the event it wishes to undertake a Gas Recycling Project.

A notice of Commercial Gas Discovery shall contain all detailed particulars of the discovery and especially the area of Gas reserves, the estimated production potential and profile and field life.

Within sixty (60) days following receipt of a notice of a Commercial Oil or Gas Discovery, EGPC and CONTRACTOR shall meet and review all appropriate data with a view to mutually agreeing upon the existence of a Commercial Discovery. The date of Commercial Discovery shall be the date EGPC and CONTRACTOR jointly agree in writing that a Commercial Discovery exists.

(iv) If Crude Oil is discovered but is not deemed by CONTRACTOR to be a Commercial Oil Discovery under the above provisions of this paragraph (c), EGPC shall one (1) month after the expiration of the period specified above within which CONTRACTOR can give notice of a Commercial Oil Discovery, or thirteen (13) months after the completion of a well not considered to be a "Commercial Oil Well", have the right, following sixty (60) days notice in writing to CONTRACTOR, at its sole cost, risk and expense, to develop, produce and dispose of all Crude Oil from the geological feature on which the well has been drilled. Said notice shall state the specific area covering said geological feature to be developed, the wells to be drilled, the production facilities to be installed and EGPC's estimated cost thereof. Within thirty (30) days after receipt of said notice CONTRACTOR may, in writing, elect to develop such area as provided for in the case of Commercial Discovery hereunder. In such event all terms of this Agreement shall continue to apply to the specified area.
If CONTRACTOR elects not to develop such area, the specific area covering said geological feature shall be set aside for sole risk operations by EGPC, such area to be mutually agreed upon by EGPC and CONTRACTOR on the basis of good petroleum industry practice. EGPC shall be entitled to perform or in the event Operating Company has come into existence, to have Operating Company perform such operations for the account of EGPC and at EGPC’s sole cost, risk and expense. When EGPC has recovered from the Crude Oil produced from such specific area a quantity of Crude Oil equal in value to three hundred percent (300%) of the cost it has incurred in carrying out the sole risk operations, CONTRACTOR shall have the option, only in the event there has been a separate Commercial Oil Discovery, elsewhere within the Area, to share in further development and production of that specific area upon paying EGPC one hundred percent (100%) of such costs incurred by EGPC.

Such one hundred percent (100%) payment shall not be recovered by CONTRACTOR, immediately following such payment the specific area shall either (i) revert to the status of an ordinary Development Lease under this Agreement and thereafter shall be operated in accordance with the terms hereof; or (ii) alternatively, in the event that at such time EGPC or its Affiliated Company is conducting Development operations in the area at its sole expense and EGPC elects to continue operating, the area shall remain set aside and CONTRACTOR shall only be entitled to its production sharing percentages of the Crude Oil as specified in Article VII (b). The sole risk Crude Oil shall be valued in the manner provided in Article VII (c). In the event of any termination of this Agreement under the provisions of Article III (b), this Agreement shall, however, continue to apply to EGPC’s operation of any sole risk venture hereunder, although such Agreement shall have been terminated with respect to CONTRACTOR pursuant to the provisions of Article III (b).
(d) Conversion to a Development Lease:

(i) Following a Commercial Oil Discovery or a Commercial Gas Discovery, the extent of the whole area capable of production to be covered by a Development Lease shall be mutually agreed upon by EGPC and CONTRACTOR and be subject to the approval of the Minister of Petroleum. Such area shall be converted automatically into a Development Lease without the issue of any additional legal instrument or permission.

(ii) Following the conversion of an area to a Development Lease based on a Commercial Gas Discovery (or upon the discovery of Gas in a Development Lease granted following a Commercial Oil Discovery), EGPC shall endeavor with diligence to find adequate local markets capable of absorbing the production of Gas and shall advise CONTRACTOR of the potential outlets for such Gas, and the expected annual schedule of demand. Thereafter, EGPC and CONTRACTOR shall meet with a view to assessing whether the outlets for such Gas and other relevant factors warrant the development and production of the Gas and in case of agreement the Gas thus made available shall be disposed of to EGPC under a long-term Gas Sales Agreement in accordance with and subject to the conditions set forth in Article VII.

(iii) The Development period of each Development Lease shall be as follows:

(aa) In respect of a Commercial Oil Discovery, twenty (20) years from the date of such Commercial Discovery plus the Optional Extension Period (as defined below) provided that, in the event that, subsequent to the conversion of a Commercial Oil Discovery into a Development Lease, Gas is discovered in the same Development Lease and is used or is capable of being used locally or for export hereunder, the period of the Development Lease shall be extended only with respect to such Gas, LPG extracted from such Gas and Crude Oil in the form of condensate produced with such Gas for twenty (20) years from the date of first
deliveries of Gas locally or for export plus the Optional Extension Period (as defined below) provided that the duration of such Development Lease based on a Commercial Oil Discovery may not be extended beyond thirty-five (35) years from the date of such Commercial Oil Discovery, unless otherwise agreed upon between EGPC and CONTRACTOR and subject to the approval of the Minister of Petroleum.

CONTRACTOR shall immediately notify EGPC of any Gas Discovery but shall not be required to apply for a new Development Lease in respect of such Gas.

(bb) In respect of a Commercial Gas Discovery, twenty (20) years from the date of first deliveries of Gas locally or for export plus the Optional Extension Period (as defined below) provided that, if subsequent to the conversion of a Commercial Gas Discovery into a Development Lease, Crude Oil is discovered in the same Development Lease, CONTRACTOR's share of such Crude Oil from the Development Lease (except LPG extracted from Gas or Crude Oil in the form of condensate produced with Gas) and Gas associated with such Crude Oil shall revert entirely to EGPC upon the lapse of twenty (20) years from the date of such Crude Oil Discovery plus the Optional Extension Period (as defined below).

Notwithstanding, anything to the contrary under this Agreement, the duration of a Development Lease based on a Commercial Gas Discovery shall in no case exceed thirty-five (35) years from the date of such Commercial Gas Discovery, unless otherwise agreed upon between EGPC and CONTRACTOR and subject to the approval of the Minister of Petroleum.

CONTRACTOR shall immediately notify EGPC of any Oil Discovery but shall not be required to apply for a new Development Lease in respect of such Crude Oil.
The "Optional Extension Period" shall mean a period of five (5) years which may be elected by CONTRACTOR upon six (6) months written notice to EGPC prior to the expiry of the relevant twenty (20) year period.

(e) Development operations shall upon the issuance of a Development Lease granted following a Commercial Oil Discovery, be started promptly by Operating Company and be conducted in accordance with good oil field practices and accepted petroleum engineering principles, until the field is considered to be fully developed, it being understood that if associated gas is not utilized, EGPC and CONTRACTOR shall negotiate in good faith on the best way to avoid impairing the production in the interests of the parties.

In the event no Commercial Production of Oil in regular shipments is established in any Development Block within four (4) years from the date of the Commercial Oil Discovery, such Development Block shall immediately be relinquished, unless there is a Commercial Gas discovery on the Development Lease. Each Development Block in a Development Lease being partly within the radius of drainage of any producing well in such Development Lease shall be considered as participating in the Commercial Production referred to above.

Development operations in respect of Gas and Crude Oil in the form of condensate or LPG to be produced with or extracted from such Gas shall, upon the signature of a Gas Sales Agreement or commencement of a scheme to dispose of the Gas, whether for export as referred to in Article VII or otherwise, be started promptly by Operating Company and be conducted in accordance with good gas field practices and accepted petroleum engineering principles and the provisions of such Agreement or scheme. In the event no Commercial Production of Gas is established in accordance with such Gas Sales Agreement or scheme, the Development Lease relating to such Gas shall be relinquished, unless otherwise agreed upon by EGPC.
If, upon application by CONTRACTOR it is recognized by EGPC that Crude Oil or Gas is being drained from the Exploration block under this Agreement into a Development Block on an adjoining concession area held by CONTRACTOR, the Block being drained shall be considered as participating in the Commercial Production of the Development Block in question and the Block being drained shall be converted into a Development Lease with the ensuing allocation of costs and production (calculated from the Effective Date or the date such drainage occurs, whichever is later) between the two Concession Areas. The allocation of such costs and production under each Concession Agreement shall be in the same portion that the recoverable reserves in the drained geological structure underlying each Concession Area bears to the total recoverable reserves of such structure underlying both Concession Areas. The production allocated to a concession area shall be priced according to the concession agreement covering that concession area.

(f) CONTRACTOR shall bear and pay all the costs and expenses required in carrying out all the operations under this Agreement but such costs and expenses shall not include any interest on investment. CONTRACTOR shall look only to the Petroleum to which it is entitled under this Agreement to recover such costs and expenses. Such costs and expenses shall be recoverable as provided in Article VII. During the term of this Agreement and its renewal, the total production achieved in the conduct of such operations shall be divided between EGPC and CONTRACTOR in accordance with the provisions of Article VII.

(g) (1) Unless otherwise provided, CONTRACTOR shall be subject to Egyptian income tax laws and shall comply with the requirements of such laws with respect to the filing of returns, the assessment of tax, and keeping and showing of books and records.

(2) CONTRACTOR's annual income for Egyptian income tax purposes under this Agreement shall be an amount calculated as follows:
The total of the sums received by CONTRACTOR from the sale or other disposition of all Petroleum acquired by CONTRACTOR pursuant to Article VII (a) and Article VII (b);

Reduced by:

(i) The costs and expenses of CONTRACTOR;

(ii) The value as determined according to Article VII (c), of EGPC's share of the Excess Cost Recovery Petroleum repaid to EGPC in cash or in kind, if any,

Plus:

An amount equal to CONTRACTOR's Egyptian income taxes grossed up in the manner shown in Article VI of Annex "E".

For purposes of above tax deductions in any Tax Year, Article VII (a) shall apply only in respect of classification of costs and expenses and rates of amortization, without regard to the percentage limitation referred to in the first paragraph of Article VII (a) (1). All costs and expenses of CONTRACTOR in conducting the operations under this Agreement which are not controlled by Article VII (a) as above qualified shall be deductible in accordance with the provisions of the Egyptian Income Tax Law.

(3) EGPC shall assume, pay and discharge, in the name and on behalf of CONTRACTOR, CONTRACTOR's Egyptian income tax out of EGPC's share of the Petroleum produced and saved and not used in operations under Article VII. All taxes paid by EGPC in the name and on behalf of CONTRACTOR shall be considered income to CONTRACTOR.

(4) EGPC shall furnish to CONTRACTOR the proper official receipts evidencing the payment of CONTRACTOR's Egyptian income tax for each Tax Year within ninety (90) days following
the receipt by EGPC of CONTRACTOR's tax declaration for the preceding Tax Year. Such receipts shall be issued by the proper Tax Authorities and shall state the amount and other particulars customary for such receipts.

(5) As used herein, Egyptian Income Tax shall be inclusive of all income taxes payable in the A.R.E. (including tax on tax) such as the tax on income from movable capital and the tax on profits from commerce and industry and inclusive of taxes based on income or profits including all dividends, withholding with respect to shareholders and other taxes imposed by the GOVERNMENT of A.R.E. on the distribution of income or profits by CONTRACTOR.

(6) In calculating its A.R.E. income taxes, EGPC shall be entitled to deduct all royalties paid by EGPC to the GOVERNMENT and CONTRACTOR's Egyptian income taxes paid by EGPC on CONTRACTOR's behalf.

ARTICLE IV

WORK PROGRAM AND EXPENDITURES

DURING EXPLORATION PERIOD

(a) CONTRACTOR shall commence Exploration operations hereunder not later than six (6) months after the Effective Date. Not later than the end of the Twelfth (12th) month after the Effective Date, CONTRACTOR shall start Exploratory drilling operations in the Area during the initial Exploration period with a commitment of drilling two (2) wells. EGPC shall make available for CONTRACTOR's use all seismic, wells and other Exploration data in EGPC's possession with respect to the Area as EGPC is entitled to do.
(b) The initial Exploration period shall be three (3) years. CONTRACTOR may extend this Exploration period for two (2) successive extension periods each of two (2) years respectively in accordance with Article III (b), each of which upon at least thirty (30) days prior written notice to EGPC, subject to its expenditure of its minimum Exploration obligations and of its fulfillment of the drilling obligations hereunder, for the then current period.

CONTRACTOR shall spend a minimum of three million and five hundred thousand ($3,500,000) U.S. Dollars on Exploration operations and activities related thereto during the initial three (3) year Exploration period; provided that CONTRACTOR shall drill two (2) wells. For the first two (2) year extension period that CONTRACTOR elects to extend beyond the initial Exploration period, CONTRACTOR shall spend a minimum of four million ($4,000,000) U.S. Dollars and for the second two (2) year extension period that CONTRACTOR elects to extend beyond the two (2) year first extension period, CONTRACTOR shall also spend a minimum of four million and five hundred thousand ($4,500,000) U.S. Dollars. During each of the first and second extension periods that CONTRACTOR elects to extend beyond the initial Exploration period, CONTRACTOR shall drill two (2) wells.

Should CONTRACTOR spend more than the minimum amount required to be expended or drill more wells than the minimum required to be drilled during the initial three (3) year Exploration period, or during any period thereafter, the excess may be subtracted from the minimum amount of money required to be expended by CONTRACTOR or minimum number of wells required to be drilled during any succeeding Exploration period(s), as the case may be.

In case CONTRACTOR surrenders its Exploration rights under this Agreement as set forth above before or at the end of the three (3) years of the initial Exploration period, having expended less than the total sum of three million and five hundred thousand ($3,500,000) U.S. Dollars, on Exploration or in the event at the end of the three (3) years, CONTRACTOR has
expended less than said sum in the Area, an amount equal to the difference between the said three million and five hundred thousand ($3,500,000) U.S. Dollars and the amount actually spent on Exploration shall be paid by CONTRACTOR to EGPC at the time of surrendering or within six (6) months from the end of the three (3) year of the initial Exploration period, as the case may be. Any expenditure deficiency by CONTRACTOR at the end of any additional period for the reasons above noted shall similarly result in a payment by CONTRACTOR to EGPC of such deficiency. Provided this Agreement is still in force as to CONTRACTOR, CONTRACTOR shall be entitled to recover any such payments as Exploration expenditure in the manner provided for under Article VII in the event of Commercial Production.

Without prejudice to Article III (b), in case no Commercial Oil Discovery is established or no notice of Commercial Gas Discovery is given by the end of the seventh (7th) year, as may be extended pursuant to Article V (a) or in case CONTRACTOR surrenders the Area under this Agreement prior to such time, EGPC shall not bear any of the aforesaid expenses spent by CONTRACTOR.

(c) At least four (4) months prior to the beginning of each Financial Year or at such other times as may mutually be agreed to by EGPC and CONTRACTOR, CONTRACTOR shall prepare an Exploration Work Program and Budget for the Area setting forth the Exploration operations which CONTRACTOR proposes to carry out during the ensuing Year.

The Exploration Work Program and Budget shall be reviewed by a joint committee to be established by EGPC and CONTRACTOR after the Effective Date of this Agreement. This Committee, hereinafter referred to as the "Exploration Advisory Committee", shall consist of six (6) members, three (3) of whom shall be appointed by EGPC and three (3) by CONTRACTOR. The Chairman of the Exploration Advisory Committee shall be designated by EGPC from among the members appointed by it. The Exploration Advisory Committee shall review and give such
advice as it deems appropriate with respect to the proposed Work Program and Budget. Following review by the Exploration Advisory Committee, CONTRACTOR shall make such revisions as CONTRACTOR deems appropriate and submit the Exploration Work Program and Budget to EGPC for its approval.

Following such approval, it is further agreed that:

(i) CONTRACTOR shall not substantially revise or modify said Work Program and Budget nor reduce the approved budgeted expenditure without the approval of EGPC;

(ii) In the event of emergencies involving danger of loss of lives or property, CONTRACTOR may expend such additional unbudgeted amounts as may be required to alleviate such danger. Such expenditure shall be considered in all aspects as Exploration expenditure and shall be recovered pursuant to the provisions of Article VII hereof.

(d) CONTRACTOR shall advance all necessary funds for all materials, equipment, supplies, personnel administration and operations pursuant to the Exploration Work Program and Budget and EGPC shall not be responsible to bear or repay any of the aforesaid costs.

(e) CONTRACTOR shall be responsible for the preparation and performance of the Exploration Work Program which shall be implemented in a workmanlike manner and consistent with good industry practices.

Except as is appropriate for the processing of data, specialized laboratory engineering and development studies thereon, to be made in specialized centers outside A.R.E., all geological and geophysical studies as well as any other studies related to the performance of this Agreement, shall be made in the A.R.E.
CONTRACTOR shall entrust the management of Exploration operations in the A.R.E. to its technically competent General Manager and Deputy General Manager. The names of such Manager and Deputy General Manager shall, upon appointment, be forthwith notified to the GOVERNMENT and to EGPC. The General Manager and, in his absence, the Deputy General Manager shall be entrusted by CONTRACTOR with sufficient powers to carry out immediately all lawful written directions given to them by the GOVERNMENT or its representative under the terms of this Agreement. All lawful regulations issued or hereafter to be issued which are applicable hereunder and not in conflict with this Agreement shall apply to CONTRACTOR.

(f) CONTRACTOR shall supply EGPC, within thirty (30) days from the end of each calendar quarter, with a Statement of Exploration activity showing costs incurred by CONTRACTOR during such quarter. CONTRACTOR’s records and necessary supporting documents shall be available for inspection by EGPC at any time during regular working hours for three (3) months from the date of receiving each statement.

Within the three (3) months from the date of receiving such Statement, EGPC shall advise CONTRACTOR in writing if it considers:

(1) that the record of costs is not correct;

(2) that the costs of goods or services supplied are not in line with the international market prices for goods or services of similar quality supplied on similar terms prevailing at the time such goods or services were supplied, provided however, that purchases made and services performed within the A.R.E. shall be subject to Article XXVI;

(3) that the condition of the materials furnished by CONTRACTOR does not tally with their prices; or

(4) that the costs incurred are not reasonably required for operations.
CONTRACTOR shall confer with EGPC in connection with the problem thus presented, and the parties shall attempt to reach a settlement which is mutually satisfactory.

Any reimbursement due to EGPC out of the Cost Recovery Petroleum as a result of reaching agreement or of an arbitral award shall be promptly made in cash to EGPC, plus simple interest at LIBOR plus two and half percent (2.5 %) per annum from the date on which the disputed amount(s) would have been paid to EGPC according to Article VII (a) (2) and Annex "E" of this Agreement (i.e., the date of rendition of the relevant Cost Recovery Statement) to the date of payment. The LIBOR rate applicable shall be the average of the figure or figures published by the Financial Times representing the mid-point of the rates (bid and ask) applicable to one month U.S. Dollars deposits in the London Interbank Eurocurrency Market on each fifteenth (15th) day of each month occurring between the date on which the disputed amount(s) would have been paid to EGPC and the date on which it is settled.

If the LIBOR rate is available on any fifteenth (15th) day but is not published in the Financial Times in respect of such day for any reason, the LIBOR rate chosen shall be that offered by Citibank N.A. to other leading banks in the London Interbank Eurocurrency Market for one month U.S. Dollar deposits.

If such fifteenth (15th) day is not a day on which LIBOR rates are quoted in the London Interbank Eurocurrency Market, the LIBOR rate to be used shall be that quoted on the next following day on which such rates are quoted.

If within the time limit of the three (3) month period, provided for in this paragraph, EGPC has not advised CONTRACTOR of its objection to any Statement, such Statement shall be considered as approved.
(g) CONTRACTOR shall supply all funds necessary for its operations in the A.R.E. under this Agreement in freely convertible currency from abroad. CONTRACTOR shall have the right to freely purchase Egyptian currency in the amounts necessary for its operations in the A.R.E. from any bank or entity authorized by the GOVERNMENT to conduct foreign currency exchanges.

(h) EGPC is authorized to advance to CONTRACTOR the Egyptian currency required for the operations under this Agreement against receiving from CONTRACTOR an equivalent amount of U.S. Dollars at the official A.R.E. rate of exchange, such amount in U.S. Dollars shall be deposited in an EGPC account abroad with a correspondent bank of the National Bank of Egypt, Cairo. Withdrawals from said account shall be used for financing EGPC's and its Affiliated Companies' foreign currency requirements subject to the approval of the Minister of Petroleum.

ARTICLE V

MANDATORY AND VOLUNTARY RELINQUISHMENTS

(a) MANDATORY:

At the end of the third (3rd) year after the Effective Date hereof, CONTRACTOR shall relinquish to the GOVERNMENT a total of twenty five percent (25%) of the original Area on the Effective date not then converted to a Development Lease or Lease(s). Such relinquishment shall be in a single unit of whole Exploration Blocks not converted to Development Leases so as to enable the relinquishment requirements to be precisely fulfilled.

At the end of the fifth (5th) year after the Effective Date hereof, CONTRACTOR shall relinquish to the GOVERNMENT an additional twenty five percent (25%) of the original Area on the Effective date not then converted to a Development Lease or Lease(s). Such relinquishment shall be in a single unit of whole Exploration Blocks not converted to Development Leases so as to enable the relinquishment requirements to be precisely fulfilled.
Without prejudice to Articles III and XXIII and the last three paragraphs of this Article V (a), at the end of the seventh (7th) year of the Exploration period, CONTRACTOR shall relinquish the remainder of the Area not then converted to a Development Lease(s).

It is understood that at the time of any relinquishment the areas to be converted into Development Leases and which are submitted to the Minister of Petroleum for his approval according to Article III (d) shall, subject to such approval, be deemed converted to Development Leases.

CONTRACTOR shall not be required to relinquish any Exploration Block or Blocks on which a Commercial Oil or Gas Well is discovered before the period of time referred to in Article III (c) given to CONTRACTOR to determine whether such Well is a Commercial Discovery worthy of Development or to relinquish an Exploration Block in respect of which a notice of Commercial Gas Discovery has been given to EGPC subject to EGPC’s right to agree on the existence of a Commercial Discovery pursuant to Article III (c), and without prejudice to the requirements of Article III (e).

In the event at the end of the initial Exploration period or either of the two successive extensions of the initial Exploration period, a well is actually drilling or testing, CONTRACTOR shall be allowed up to six (6) months to enable it to discover a Commercial Oil or Gas Well or to establish a Commercial Discovery, as the case may be. However, any such extension of up to six (6) months shall reduce the length of the next succeeding Exploration Period, as applicable, by that amount.

(b) VOLUNTARY:

CONTRACTOR may, voluntarily, during any period relinquish all or any part of the Area in whole Exploration Blocks or parts of Exploration Blocks provided that at the time of such voluntary relinquishment its Exploration obligations under Article IV (b) have been satisfied for such period.
Any relinquishments hereunder shall be credited toward the mandatory provisions of Article V (a).

Following Commercial Discovery, EGPC and CONTRACTOR shall mutually agree upon any area to be relinquished thereafter, except for the relinquishment provided for above at the end of the total Exploration period.

ARTICLE VI

OPERATIONS AFTER COMMERCIAL DISCOVERY

(a) On Commercial Discovery, EGPC and CONTRACTOR shall form in the A.R.E. an operating company pursuant to Article VI (b) and Annex (D) (hereinafter referred to as "Operating Company") which company shall be named by mutual agreement between EGPC and CONTRACTOR and such name shall be subject to the approval of the Minister of Petroleum. Said company shall be a private sector company. Operating Company shall be subject to the laws and regulations in force in the A.R.E. to the extent that such laws and regulations are not inconsistent with the provisions of this Agreement or the Charter of Operating Company.

However, Operating Company and CONTRACTOR shall, for the purpose of this Agreement, be exempted from the following laws and regulations as now or hereafter amended or substituted:

- Law No. 48 of 1978, on the employee regulations of public sector companies;

- Law No. 159 of 1981, promulgating the law on joint stock companies, partnership limited by shares and limited liability companies;

- Law No. 97 of 1983 promulgating the law concerning public sector organizations and companies;
- Law No. 203 of 1991 promulgating the law on public business sector companies; and

- Law No. 38 of 1994, organizing dealings in foreign currencies.

(b) The Charter of Operating Company is hereto attached as Annex "D". Within thirty (30) days after the date of Commercial Oil Discovery or within thirty (30) days after signature of a Gas Sales Agreement or commencement of a scheme to dispose of Gas (unless otherwise agreed upon by EGPC and CONTRACTOR), the Charter shall take effect and Operating Company shall automatically come into existence without any further procedures. The Exploration Advisory Committee shall be dissolved forthwith upon the coming into existence of the Operating Company.

(c) Ninety (90) days after the date Operating Company comes into existence in accordance with paragraph (b) above, it shall prepare a Work Program and Budget for further Exploration and Development for the remainder of the year in which the Commercial Discovery is made; and not later than four (4) months before the end of the current Financial Year (or such other date as may be agreed upon by EGPC and CONTRACTOR) and four (4) months preceding the commencement of each succeeding Financial Year thereafter (or such other date as may be agreed upon by EGPC and CONTRACTOR), Operating Company shall prepare an annual Production Schedule, Work Program and Budget for further Exploration and Development for the succeeding Financial Year. The Production Schedule, Work Program and Budget shall be submitted to the Board of Directors for approval.

(d) Not later than the twentieth (20th) day of each month, Operating Company shall furnish to CONTRACTOR a written estimate of its total cash requirements for expenditure for the first half and the second half of the succeeding month expressed in U.S. Dollars having regard to the approved Budget. Such estimate
shall take into consideration any cash expected to be on hand at month end.

Payment for the appropriate period of such month shall be made to the correspondent bank designated in paragraph (e) below on the first (1st) day and fifteenth (15th) day respectively, or the next following business day, if such day is not a business day.

(e) Operating Company is authorized to keep at its own disposal abroad in an account opened with a correspondent bank of the National Bank of Egypt, Cairo, the foreign funds advanced by CONTRACTOR. Withdrawals from said account shall be used for payment for goods and services acquired abroad and for transferring to a local bank in the A.R.E. the required amount to meet the expenditures in Egyptian Pounds for Operating Company in connection with its activities under this Agreement.

Within sixty (60) days after the end of each Financial Year, Operating Company shall submit to the appropriate exchange control authorities in the A.R.E. a statement, duly certified by a recognized firm of auditors, showing the funds credited to that account, the disbursements made out of that account and the balance outstanding at the end of the Year.

(f) If and for as long during the period of production operations there exists an excess capacity in facilities which can not during the period of such excess be used by the Operating Company, EGPC and CONTRACTOR will consult together to find a mutually agreed formula whereby EGPC may use the excess capacity if it so desires without any unreasonable financial or unreasonable operational disadvantage to the CONTRACTOR.
ARTICLE VII

RECOVERY OF COSTS AND EXPENSES AND
PRODUCTION SHARING

(a) (1) Cost Recovery Petroleum:

Subject to the auditing provisions under this Agreement, CONTRACTOR shall recover quarterly all costs, expenses and expenditures in respect of all the Exploration, Development and related operations under this Agreement to the extent and out of thirty percent (30%) of all Petroleum produced and saved from all Development Leases within the Area hereunder and not used in Petroleum operations. Such Petroleum is hereinafter referred to as "Cost Recovery Petroleum".

For the purpose of determining the classification of all costs, expenses and expenditures for their recovery, the following terms shall apply:

1. "Exploration Expenditures" shall mean all costs and expenses for Exploration and the related portion of indirect expenses and overheads.

2. "Development Expenditures" shall mean all costs and expenses for Development (with the exception of Operating Expenses) and the related portion of indirect expenses and overheads.

3. "Operating Expenses" shall mean all costs, expenses and expenditures made after initial Commercial Production, which costs, expenses and expenditures are not normally depreciable.

However, Operating Expenses shall include workover, repair and maintenance of assets but shall not include any of the following:
sidetracking, redrilling and changing of the status of a well, replacement of assets or part of an asset, additions, improvements, renewals or major overhauling that extend the life of the asset.

Exploration Expenditures, Development Expenditures and Operating Expenses shall be recovered from Cost Recovery Petroleum in the following manner:

(i) Exploration Expenditures, including those accumulated prior to the commencement of initial Commercial Production, which for the purposes of this Agreement shall mean the date on which the first regular shipment of Crude Oil or the first deliveries of Gas are made, shall be recoverable at the rate of twenty five percent (25%) per annum starting either in the Tax Year in which such expenditures are incurred and paid or the Tax Year in which initial Commercial Production commences, whichever is the later date.

(ii) Development Expenditures, including those accumulated prior to the commencement of initial Commercial Production which for the purposes of this Agreement shall mean the date on which the first regular shipment of Crude Oil or the first deliveries of Gas are made, shall be recoverable at the rate of twenty five percent (25%) per annum starting either in the Tax Year in which such expenditures are incurred and paid or the Tax Year in which initial Commercial Production commences, whichever is the later date.

(iii) Operating Expenses, incurred and paid after the date of initial Commercial Production, which for the purposes of this Agreement shall mean the date on which the first regular shipment of Crude Oil or the first deliveries of Gas are made, shall be recoverable either in the Tax Year in which such costs and expenses are incurred and paid or the Tax Year in which initial Commercial Production occurs, whichever is the later date.

(iv) To the extent that, in a Tax Year, costs, expenses or expenditures recoverable per paragraphs (i), (ii) and (iii)
preceding, exceed the value of all Cost Recovery Petroleum for such Tax Year, the excess shall be carried forward for recovery in the next succeeding Tax Year(s) until fully recovered, but in no case after the termination of this Agreement, as to CONTRACTOR.

(v) The recovery of costs and expenses, based upon the rates referred to above, shall be allocated to each quarter proportionately (one fourth to each quarter). However, any recoverable costs and expenses not recovered in one quarter as thus allocated, shall be carried forward for recovery in the next quarter.

(2) Except as provided in Article VII (a) (3) and Article VII (e) (1), CONTRACTOR shall each quarter be entitled to take and own all Cost Recovery Petroleum, which shall be taken and disposed of in the manner determined pursuant to Article VII (e). To the extent that the value of all Cost Recovery Petroleum [as determined in Article VII (c)] exceeds the actual recoverable costs and expenditures, including any carry forward under Article VII (a) (1) (iv), to be recovered in that quarter, then the value of such Excess Cost Recovery Petroleum shall be split between EGPC and CONTRACTOR in accordance with the percentages specified in Article VII (b) 1 below and EGPC’s shares shall be paid by CONTRACTOR to EGPC either (i) in cash in the manner set forth in Article IV of the Accounting Procedure contained in Annex “E” or (ii) in kind in accordance with Article VII(a) (3).

(3) Ninety (90) days prior to the commencement of each Calendar Year EGPC shall be entitled to elect by notice in writing to CONTRACTOR to require payment of up to one hundred percent (100%) of EGPC’s share of Excess Cost Recovery Petroleum in kind. Such payment will be in Crude Oil from the Area F.O.B. export terminal or other agreed delivery point provided that the amount of Crude Oil taken by EGPC in kind in a quarter shall not exceed the value of Cost Recovery Crude Oil actually taken and separately disposed of by CONTRACTOR from the Area during the previous quarter. If EGPC’s entitlement to receive payment of its share of Excess Cost Recovery Petroleum in kind is limited by the foregoing provision, the balance of such entitlement shall be paid in cash.
(b) Production Sharing

(1) The remaining seventy percent (70%) of the Petroleum shall be divided between EGPC and the CONTRACTOR according to the following shares: Such shares shall be taken and disposed of pursuant to Article VII (e):

(i) Crude Oil
Crude Oil produced and saved under this Agreement and not used in Petroleum operations. Barrels oil per day (BOPD) (quarterly average).

That portion or increment up to 25,000 BOPD.

That portion or increment exceeding 25,000 BOPD.

(ii) Gas and LPG

It is understood and agreed upon that the aforementioned production segment shall apply to all Gas and LPG after converting to equivalent Barrels of crude oil.

(2) After the end of each contractual year during the term of any Gas Sales Agreement entered into pursuant to Article VII (e), EGPC and CONTRACTOR (as sellers) shall render to EGPC (as buyer) a statement for an amount of Gas, if any, equal to the amount by which the quantity of Gas of which EGPC (as buyer) has taken delivery falls below seventy five percent (75%) of the Contract quantities of Gas as established by the applicable Gas Sales Agreement (the "Shortfall"), provided the Gas is available. Within sixty (60) days of receipt of the statement, EGPC (as buyer) shall pay EGPC and CONTRACTOR (as sellers) for the amount of the Shortfall, if any. The Shortfall shall be included in EGPC's and CONTRACTOR's entitlement to Gas pursuant to Article VII (a) and Article VII (b) in the fourth (4th) quarter of such contractual year.
Quantities of Gas not taken but to be paid for shall be recorded in a separate Take-or-Pay Account. Quantities of Gas ("Make Up Gas") which are delivered in subsequent years in excess of seventy five percent (75%) of the contract quantities of Gas as established by the applicable Gas Sales Agreement, shall be set against and reduce quantities of Gas in the Take-or-Pay account to the extent thereof and, to that extent, no payment shall be due in respect of such Gas. Such Make Up Gas shall not be included in CONTRACTOR's entitlement to Gas pursuant to Article VII (a) and Article VII (b). CONTRACTOR shall have no rights to such Make Up Gas.

The percentages set forth in Article VII (a) and this Article VII (b) in respect of LPG produced from a plant constructed and operated by or on behalf of EGPC and CONTRACTOR shall apply to all LPG available for delivery.

(c) Valuation of Petroleum:

(1) Crude Oil:

(i) The Cost Recovery Crude Oil to which CONTRACTOR is entitled hereunder shall be valued by EGPC and CONTRACTOR at "Market Price" for each calendar quarter.

(ii) "Market Price" shall mean the weighted average prices realized from sales by EGPC or CONTRACTOR during the quarter, whichever is higher, provided that the sales to be used in arriving at the weighted average(s) shall be sales of comparable quantities on comparable credit terms in freely convertible currency from F.O.B. point of export sales to non-affiliated companies at arm's length under all Crude Oil sales contracts then in effect, but excluding Crude Oil sales contracts involving barter and,

Sales, whether direct or indirect, through brokers or otherwise, of EGPC or CONTRACTOR to any Affiliated Company.
(2) Sales involving a quid pro quo other than payment in a freely convertible currency or motivated in whole or in part by considerations other than the usual economic incentives for commercial arm's length crude oil sales.

(iii) It is understood that in the case of C.I.F. sales, appropriate deductions shall be made for transport and insurance charges to calculate the F.O.B. point of export price; and always taking into account the appropriate adjustment for quality of Crude Oil, freight advantage or disadvantage of port of loading and other appropriate adjustments. Market Price shall be determined separately for each Crude Oil or Crude Oil mix, and for each port of loading.

(iv) If during any calendar quarter, there are no such sales by EGPC and/or CONTRACTOR under the Crude Oil sales contracts in effect, EGPC and CONTRACTOR shall mutually agree upon the Market Price of the barrel of Crude Oil to be used for such quarter, and shall be guided by all relevant and available evidence including current prices in freely convertible currency of leading crude oils produced by major oil producing countries (in the Arabian Gulf or the Mediterranean Area), which are regularly sold in the open market according to actual sales contracts terms but excluding paper sales and sales promises where no crude oil is delivered, to the extent that such sales are effected under such terms and conditions (excluding the price) not significantly different from those under which the crude oil to be valued, was sold, and always taking into consideration appropriate adjustments for crude oil quality, freight advantage or disadvantage of port of loading and other appropriate adjustments, as the case may be, for differences in gravity, sulphur, and other factors generally recognized by sellers and purchasers, as reflected in crude prices, transportation ninety (90) days insurance premiums, unusual fees borne by the seller, and for credit terms in
excess of sixty (60) days, and the cost of loans or guarantees granted for the benefit of the sellers at prevailing interest rates.

It is the intent of the Parties that the value of the Cost Recovery Crude Oil shall reflect the prevailing market price for such Crude Oil.

(v) If either EGPC or CONTRACTOR considers that the Market Price as determined under sub-paragraph (ii) above does not reflect the prevailing Market Price or in the event EGPC and CONTRACTOR fail to agree on Market Price for any Crude Oil produced under this Agreement for any quarter within fifteen (15) days after the end thereof, any party may elect at any time thereafter to submit to a single arbitrator the question, what single price per barrel, in the arbitrator's judgment, best represents for the pertinent quarter the Market Price for the Crude Oil in question. The arbitrator shall make his determination as soon as possible following the quarter in question. His determination shall be final and binding upon all the parties. The arbitrator shall be selected in the manner described below.

In the event EGPC and CONTRACTOR fail to agree on the arbitrator within thirty (30) days from the date any party notifies the other that it has decided to submit the determination of the Market Price to an arbitrator, such arbitrator shall be chosen by the appointing authority designated in accordance with Article XXIV (e), or such other appointing authority with access to such expertise as may be agreed to between EGPC and CONTRACTOR, with regard to the qualifications for arbitrators set forth below, upon written application of one or both of EGPC and CONTRACTOR. Copies of such application by one of them shall be promptly sent to the other.

The arbitrator shall be as nearly as possible a person with an established reputation in the international
petroleum industry as an expert in pricing and marketing crude oil in international commerce. The arbitrator shall not be a citizen of a country which does not have diplomatic relations with the A.R.E., and Canada. He may not be, at the time of selection, employed by, or an arbitrator or consultant on a continuing or frequent basis to, the American Petroleum Institute, the Organization of the Petroleum Exporting Countries or the Organization of Arab Petroleum Exporting Countries, or a consultant on a continuing basis to EGPC, CONTRACTOR or an Affiliated Company of either, but past occasional consultation with such companies, with other petroleum companies, governmental agencies or organizations shall not be a ground for disqualification. He may not have been, at any time during the two (2) years before selection, an employee of any petroleum company or of any governmental agency or organization.

Should a selected person decline or be unable to serve as arbitrator or should the position of arbitrator fall vacant prior to the decision called for, another person shall be chosen in the same manner provided in this paragraph. EGPC and CONTRACTOR shall share equally the expenses of the arbitrator.

The arbitrator shall make his determination in accordance with the provisions of this paragraph, based on the best evidence available to him. He will review oil sales contracts as well as other sales data and information but shall be free to evaluate the extent to which any contracts, data or information is substantiated or pertinent. Representatives of EGPC and CONTRACTOR shall have the right to consult with the arbitrator and furnish him written materials provided the arbitrator may impose reasonable limitations on this right. EGPC and CONTRACTOR each shall cooperate with the arbitrator to the fullest extent and each shall insure such cooperation of its trading companies. The arbitrator shall be provided access to crude oil sales contracts and related data and information which EGPC
and CONTRACTOR or their trading companies are able to make available and which in the judgment of the arbitrator might aid the arbitrator in making a valid determination.

(vi) Pending Market Price agreement by EGPC and CONTRACTOR or determination by the arbitrator, as applicable, the Market Price agreed for the quarter preceding the quarter in question shall remain temporarily in effect. In the event either EGPC or CONTRACTOR should incur a loss by virtue of the temporary continuation of the Market Price of the previous quarter, it shall promptly be reimbursed such loss by the other party plus simple interest at the LIBOR plus two and one-half percent (2.5%) per annum rate provided for in Article IV (f) from the date on which the disputed amount(s) should have been paid to the date of payment.

(2) Gas and LPG

(i) The Cost Recovery and Production Shares of Gas subject to a Gas Sales Agreement between EGPC and CONTRACTOR (as sellers) and EGPC (as buyer) entered into pursuant to Article VII (e) shall be valued, delivered to and purchased by EGPC at a price determined monthly according to the following formula:

\[ PG = F \times H \]

Where:

- \( PG \) = the value of the Gas in U.S. Dollars per thousand cubic feet (MCF)
- \( H \) = the number of British Thermal Units (BTU's) per thousand cubic feet (MCF) of Gas
- \( F \) = a value in U.S. Dollars per million British Thermal Units (mmBtu) determined monthly set as follows:

The price of gas produced from EAST WADI ARABA Concession Agreement will be based on the Concession Agreement formula and defining the Gulf of Suez Blend price per barrel as equal to Brent crude price per barrel minus US$ 2.00 (two United States Dollars) with a minimum (floor) and a maximum (ceiling) price according to the following table:
<table>
<thead>
<tr>
<th>Price of Brent (US$/barrel)</th>
<th>F (US$/mmbtu)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than or equal to 12</td>
<td>1.50</td>
</tr>
<tr>
<td>Greater than or equal to 24</td>
<td>2.50</td>
</tr>
</tbody>
</table>

Between the minimum and maximum Gas price, following formula shall be applied:

\[ PG = 0.0233 \times B (6.33 - (0.07725 \times B)) \times D \]

Where:
- \( PG \) = The same definition of PG above
- \( B \) = Barrel Brent price in U.S. Dollars
- \( D \) = The number in Millions British Thermal Units (MMBTU's) per thousand cubic feet of Gas
  (The number of British Thermal Units per 1000 standard cubic feet)

In the event that the value of \( F \) cannot be determined because Platt's Oilgram Price Report is not published at all during a month, the Parties shall meet and agree the value of Brent by reference to other published sources. In the event that there are no such published sources or if the value of Brent cannot be determined pursuant to the foregoing for any other reason, the Parties shall meet and agree a value of Brent.

(ii) The Cost Recovery and Production Shares of LPG produced from a plant constructed and operated by or on behalf of EGPC and CONTRACTOR shall be separately valued for Propane and Butane at the outlet of such LPG plant according to the following formula (unless otherwise agreed between EGPC and CONTRACTOR):

\[ PLPG = 0.95 \times PR - (J \times 0.85 \times \frac{F}{6}) \]

\[ 42.96 \times 10 \]

Where:
- \( PLPG \) = LPG price (separately determined for Propane and Butane) in U.S. Dollars per metric ton.
- \( PR \) = The average over a period of a month of the figures representing the mid-point between the high and low prices in U.S. Dollars per metric ton quoted in "Platt's LPGaswire" during such month for Propane and Butane FOB Ex-Ref/Stor. West Mediterranean.
J = BTU's removed from the Gas stream by the LPG plant per metric ton of LPG produced.

F = a value in U.S. Dollars per metric ton of the crude oil of Gulf of Suez Blend "FOB Ras Shukheir" A.R.E. calculated by referring to "Platt's Oilgram Price Report" during a month under the heading "Spot Crude Price Assessment for Suez Blend". This value reflects the total averages of the published low and high values for a Barrel during such month divided by the number of days in such month for which such values were quoted. The value per metric ton shall be calculated on the basis of a conversion factor to be agreed upon annually between EGPC and CONTRACTOR.

In the event that Platt's LPGaswire is issued on certain days during a month but not on others, the value of PR shall be calculated using only those issues which are published during such month. In the event that the value of PR can not be determined because Platt's LPGaswire is not published at all during a month, EGPC and CONTRACTOR shall meet and agree to the value of PR by reference to other published sources. In the event that there are no such other published sources or if the value of PR cannot be determined pursuant to the foregoing for any other reason, EGPC and CONTRACTOR shall meet and agree the value of PR by reference to the value of LPG (Propane and Butane) delivered FOB from the Mediterranean Area.

Such valuation of LPG is based upon delivery at the delivery point specified in Article VII (e) (2) (iii).

(iii) The prices of Gas and LPG so calculated shall apply during the same month.

(iv) The Cost Recovery and Production Shares of Gas and LPG disposed of by EGPC and CONTRACTOR other than to EGPC pursuant to Article VII (e) shall be valued at their actual realized price.
(d) Forecasts:

Operating Company shall prepare (not less than ninety (90) days prior to the beginning of each calendar semester following first regular production) and furnish in writing to CONTRACTOR and EGPC a forecast setting out a total quantity of Petroleum that Operating Company estimates can be produced, saved and transported hereunder during such calendar semester in accordance with good oil and gas industry practices.

Operating Company shall endeavor to produce each calendar semester the forecast quantity. The Crude Oil shall be run to storage tanks or offshore loading facilities constructed, maintained and operated according to Government Regulations, by Operating Company in which said Crude Oil shall be metered or otherwise measured for royalty, and other purposes required by this Agreement. Gas shall be handled by Operating Company in accordance with the provisions of Article VII (e).

(e) Disposition of Petroleum:

(1) EGPC and CONTRACTOR shall have the right and the obligation to separately take and freely export or otherwise dispose of, currently all of the Crude Oil to which each is entitled under Article VII (a) and Article VII (b). Subject to payment of sums due to EGPC under Article VII (a) (2) and Article IX, CONTRACTOR shall have the right to remit and retain abroad all funds acquired by it including the proceeds from the sale of its share of Petroleum.

Notwithstanding anything to the contrary under this Agreement priority shall be given to meet the requirements of the A.R.E. market from CONTRACTOR's share under Article VII (b) of the Crude Oil produced from the Area and EGPC shall have the preferential right to purchase such Crude Oil at a price to be determined pursuant to Article VII (c). The amount of Crude Oil so purchased shall be a portion of
CONTRACTOR’s share under Article VII (b). Such amount shall be proportional to CONTRACTOR’s share of the total production of crude oil from the concession areas in the A.R.E. that are also subject to EGPC’s preferential right to purchase. The payment for such purchased amount shall be made by EGPC in U.S. Dollars or in any other freely convertible currency remittable by CONTRACTOR abroad.

CONTRACTOR.

(vii) In the event EGPC and CONTRACTOR agree to accept
new Gas and LPG producers to join in an ongoing export
project, such producers shall have to contribute a fair and
equitable share of the investment made.

(viii) (aa) Upon the expiration of the five (5) year period
referred to in Article VII (e) (2) (v), CONTRACTOR shall
have the obligation to exert its reasonable efforts to find
an export market for Gas reserves.

referred to under Article VII (e) (2) (v), CONTRACTOR
and EGPC have not entered into a Gas Sales
Agreement, CONTRACTOR shall retain its rights to such
Gas reserves for a further period of up to seven (7) years,
subject to Article VII (e) (2), during which period EGPC
shall attempt to find a market for Gas reserves.

(cc) In the event that CONTRACTOR is not exporting the Gas
and CONTRACTOR has not entered into a Gas Sales
Agreement pursuant to Article VII (e) (2) prior to the expiry
of twelve (12) years from CONTRACTOR’s notice of
Commercial Gas Discovery, CONTRACTOR shall
surrender the Gas reserves in respect of which such
notice has been given. It being understood that
CONTRACTOR shall, at any time prior to the expiry of
such twelve (12) year period, surrender the Gas reserves,

(ix) CONTRACTOR shall not be obligated to surrender a Development Lease based on a Commercial Gas Discovery, if Crude Oil has been discovered in commercial quantities in the same Development Lease.

(f) Operations:

If following the reversion to EGPC of any rights to Crude Oil hereunder, CONTRACTOR retains rights to Gas in the same Development Lease, or if, following surrender of rights to Gas hereunder, CONTRACTOR retains rights to Crude Oil in the same Development Lease, operations to explore for or exploit the Petroleum, the rights to which have reverted or been
surrendered (Oil or Gas as the case may be) may only be carried out by Operating Company which shall act on behalf of EGPC alone, unless CONTRACTOR and EGPC agree otherwise.

ARTICLE XXIII

FORCE MAJEURE

(a) The non-performance or delay in performance by EGPC and CONTRACTOR, or either of them, of any obligation under this Agreement shall be excused if, and to the extent that, such non-performance or delay is caused by force majeure. (c) Without prejudice to the above and except as may be otherwise provided herein, the GOVERNMENT shall incur no responsibility whatsoever to EGPC and CONTRACTOR, or either of them for any damages, restrictions or loss arising in consequence of such case of force majeure except a force majeure caused by the order, regulations or direction of the GOVERNMENT of the ARAB REPUBLIC OF EGYPT.

ARTICLE VI

TAX IMPLEMENTATION PROVISIONS

It is understood that CONTRACTOR shall be subject to Egyptian Income Tax Laws except as otherwise provided in the Agreement, that any A.R.E. Income Taxes paid by EGPC on CONTRACTOR's behalf constitute additional income to CONTRACTOR, and this additional income is also subject to A.R.E. income tax, that is "grossed up".

CONTRACTOR's annual income, as determined in Article III (g) (2) of this Agreement, less the amount equal to CONTRACTOR's grossed-up Egyptian income tax liability, shall be CONTRACTOR's "Provisional Income".

The "gross-up value" is an amount added to Provisional Income to give "Taxable Income", such that the grossed-up value is equivalent to the A.R.E. Income Taxes.

THEREFORE:

Taxable Income = Provisional Income plus Grossed-up Value
and
Grossed-up Value = A.R.E. Income Tax on Taxable Income.

If the "A.R.E. Income Tax rate", which means the effective or composite tax rate due to the various A.R.E. taxes levied on
income or profits, is constant and not dependent on the level of income, then:

Grossed-up Value = A.R.E. income tax rate TIMES Taxable Income.

Combining the first and last equations above

Grossed-up Value = \( \frac{\text{Provisional income} \times \text{Tax Rate}}{1 - \text{Tax Rate}} \)

where the tax rate is expressed as a decimal.

The above computations are illustrated by the following numerical example. Assuming that the Provisional Income is $10 and the A.R.E. Income Tax rate is forty percent (40%), then the Grossed-up Value is equal to:

\[
\frac{\$ 10 \times 0.4}{1 - 0.4} = \$ 6.67
\]

Therefore:
