(2) The quantities of Petroleum stated in such accounts may exclude any water separated from the Petroleum and shall be expressed as volumes in cubic metres measured at, or calculated as if measured at, a temperature of 15° Celsius and a pressure of 1.0132 bar but if the OGA serves notice in writing on the Licensee determining any other manner in which any quantity of Petroleum or any quantity of any form of Petroleum is to be expressed that quantity shall be so expressed.

(3) Such accounts shall state separately the quantities of petroleum used for the purposes of carrying on drilling and production operations and pumping to field storage, and quantities not so used, and in the case of Petroleum not in the form of gas shall state the specific gravity of the Petroleum and, if Petroleum of different specific gravities has been won and saved, the respective quantities of Petroleum of each specific gravity.

(4) The Licensee shall within two months after the end of each Half Year in which this licence is in force and within two months after the expiration or determination of this licence deliver to the OGA an abstract in a form from time to time approved by the OGA of the accounts for that Half Year or for the period prior to such expiration or determination as the case may be.

(5) The Licensee shall carry out any programme submitted by him in pursuance of this clause as to which either-

(7) Where the Licensee has a duty by virtue of this clause to carry out a programme during a part of the term of this licence, the OGA may serve notice in pursuance of paragraph (2) of this clause in respect of another part of that term.

Development and production programmes

17. -(1) The Licensee shall not-

- (a) erect or carry out any Relevant Works, either in the Licensed Area or elsewhere, for the purpose of getting Petroleum from that area or for the purpose of conveying to a place on land Petroleum got from that area; or
- (b) get Petroleum from that area otherwise than in the course of searching for Petroleum or drilling Wells,

except with the consent in writing of the OGA or in accordance with a programme which the OGA has approved or served on the Licensee in pursuance of the following provisions of this clause.

(2) The Licensee shall prepare and submit to the OGA, in such form and by such time and in respect of such period during the term of this licence as the OGA may direct, a programme specifying-

- (a) the Relevant Works which the Licensee proposes to erect or carry out during that period for either of the purposes mentioned in paragraph (1)(a) of this clause;
- (b) the proposed locations of the works, the purposes for which it is proposed to use the works and the times at which it is proposed to begin and to complete the erection or carrying out of the works;
- (c) the maximum and minimum quantities of Petroleum in the form of gas and the maximum and minimum quantities of Petroleum in other forms which-
 - (i) in each calendar year; or
 - (ii) in each such period of more or less than one calendar year as may be specified by the OGA,
 the Licensee proposes to get as mentioned in paragraph (1)(b) of this clause.

(3) If the OGA directs the Licensee-

- (a) to prepare different programmes in pursuance of paragraph (2) of this clause in respect of Petroleum from such different parts of the Licensed Area as are specified in the direction; or
- (b) where a programme approved or served in pursuance of this clause relates to a particular period during the term of this licence, to prepare a programme or programmes in pursuance of paragraph (2) of this clause in respect of a further period or further periods during that term,

the Licensee shall comply with the direction.

(4) It shall be the duty of the OGA expeditiously to consider any programme submitted to it in pursuance of paragraph (2) of this clause and when it has done so to give notice in writing to the Licensee stating-

- (a) that the OGA approves the programme; or
- (b) that the OGA approves the programme subject to the condition that such of the Relevant Works as are specified in the notice shall not be used before the expiration of the period so specified in relation to the works or shall not be used without the consent in writing of the OGA; or
- (c) that the OGA rejects the programme on one or both of the following grounds, namely-
 - (i) that the carrying out of any proposals included in the programme in pursuance of paragraph (2) of this clause would be contrary to good oilfield practice;
 - (ii) that the proposals included in the programme in pursuance of the sub-paragraph (c) of the said paragraph (2) are, in the opinion of the OGA, not in the national interest,

and a notice in pursuance of sub-paragraph (b) of this paragraph may contain different conditions in respect of different works but shall not be given unless the OGA is satisfied that the condition mentioned in the notice is required in the national interest.

(5) Where the OGA gives notice of rejection of a programme in pursuance of sub-paragraph (c) of paragraph (4) of this clause, then-

- (a) if the grounds of the rejection consist of or include the ground mentioned in paragraph (i) of that sub-paragraph it shall include in the notice a statement of the matters in consequence of which it rejected the programme on that ground; and
- (b) if the grounds of the rejection consist of or include the ground mentioned

in paragraph (ii) of that sub-paragraph it shall include in the notice a statement of the rates at which it considers that, in the national interest, Petroleum should be got from the area to which the programme relates; and (c) the Licensee shall prepare and submit to the OGA before the time specified in the notice-

- (i) where the notice contains such a statement as is mentioned in sub-paragraph (a) above, modifications of the programme which ensure that the carrying out of the programme with those modifications would not be contrary to good oilfield practice;
 - (ii) where the notice contains such a statement as is mentioned in sub-paragraph (b) above, modifications of the programme which ensure the getting of Petroleum from the area to which the programme relates at the rates specified in the statement and which (except so far as may be necessary in order to get Petroleum at those rates) are not such that the carrying out of the programme with those modifications would be contrary to good oilfield practice,
- but the Licensee shall not be required by virtue of paragraph (i) of this sub-paragraph to submit modifications if it is determined in consequence of any reference to arbitration in the manner provided by clause 43 of this licence that the carrying out of the programme without modifications would not be contrary to good oilfield practice.

(6) If the OGA gives notice in writing to the Licensee that the OGA approves the modifications of a programme which have been submitted to it in pursuance of sub-paragraph (c) of paragraph (5) of this clause, the programme with those modifications shall be deemed to be approved by the OGA; but if the Licensee fails to perform the duty imposed on him by that sub-paragraph the OGA may, if it thinks fit, instead of revoking this licence in consequence of the failure, serve on the Licensee such a programme as the OGA considers that the Licensee should have submitted to it in respect of the area and period to which the rejected programme related.

(7) Where the OGA proposes to approve a programme subject to a condition in pursuance of paragraph (4)(b) of this clause or to reject a programme in pursuance of paragraph (4)(c) of this clause or to serve a programme on the Licensee in pursuance of paragraph (6) of this clause it shall before doing so-

- (a) give the Licensee particulars of the proposal and an opportunity to make representations to the OGA about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to it by the Licensee.

(8) The Licensee shall carry out any programme approved or served on him by the OGA in pursuance of this clause or, if such a programme is varied in pursuance of clause 18 of this licence, the programme as so varied except in so far as the Licensee is authorised in writing by the OGA to do otherwise or is required to do otherwise by such a condition as is mentioned in paragraph (4)(b) of this clause; but if it is necessary to carry out certain works in order to comply with provisions included in a programme by virtue of paragraph (5)(c) of this clause or provisions of a programme served on the Licensee in pursuance of paragraph (6) of this clause or provisions of a programme as varied in pursuance of clause 18 of this licence, then, notwithstanding anything in the programme as to the time when those provisions are to be complied with, the Licensee shall not be treated as having failed to comply with those provisions before the expiration of the period reasonably required for carrying out the works.

(9) In this clause "Relevant Works" means any structures and any other works whatsoever which are intended by the Licensee to be permanent and are neither designed to be moved from place to place without major dismantling nor intended by the Licensee to be used only for searching for Petroleum.

Provisions supplementary to clause 17

18. -(1) A consent given by the OGA in pursuance of clause 17(1) of this licence may be given subject to such conditions as are specified in the document signifying the consent and may in particular, without prejudice to the generality of the preceding provisions of this paragraph, be limited to a period so specified.

(2) Where-

- (a) the OGA gives notice in respect of a programme in pursuance of paragraph (4)(a) or (b) or paragraph (6) of clause 17 of this licence or serves a programme in pursuance of the said paragraph (6); or
- (b) it is determined in consequence of any reference to arbitration in the manner provided by clause 43 of this licence that the Licensee is not required by virtue of paragraph (i) of clause 17(5)(c) of this licence to submit modifications of a programme in respect of which notice of rejection containing such a statement as is mentioned in the said paragraph (i) was given by the OGA in pursuance of clause 17(4)(c) of this licence,

the OGA may give to the Licensee, with the notice given or the programme served as mentioned in sub-paragraph (a) of this paragraph or, in a case falling within sub-paragraph (b) of this paragraph, within the period of three months beginning with the date of the arbitrator's or arbiter's determination, a notice (hereafter in this clause referred to as a "Limitation Notice") authorising the OGA, by a further notice given to the Licensee from time to time after the expiration of the period specified in the Limitation Notice, to provide that the programme to which the Limitation Notice relates shall have effect while the further notice is in force with the substitution for any quantity of Petroleum or any period specified in the programme in pursuance of clause 17(2)(c) of this licence of a different quantity of Petroleum or a different period specified in the further notice.

(3) A quantity or period specified in such a further notice as that to be substituted for a quantity or period which is specified in the programme in question shall be such as to secure that the expenditure to be incurred by the Licensee in complying with the further notice, in a case where an effect of the notice is to increase the quantity of Petroleum which the Licensee is required to get from the Licensed Area in any period, is less than the cost of drilling a new Well in the Licensed Area at the time when the further notice is given.

(4) Where the OGA proposes to give a Limitation Notice or any such further notice as aforesaid it shall before doing so-

- (a) give the Licensee particulars of the proposal and an opportunity to make representations to the OGA about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to it by the Licensee,

and the OGA shall not give such a further notice of which an effect is to increase the quantity of Petroleum which the Licensee is required to get from the Licensed Area

during any period unless the OGA is satisfied that the notice is required by reason of a national emergency and shall not give any other such further notice as aforesaid unless it is satisfied that the notice is required in the national interest.

- (5) A Limitation Notice or any such further notice as aforesaid may-
- (a) specify any quantity or period by reference to such factors as the OGA thinks fit; and
 - (b) in the case of such a further notice, contain provisions as to-
 - (i) the date when the notice is to come into force;
 - (ii) the date when the notice is to cease to be in force,
 and specify different dates in pursuance of this sub-paragraph for different provisions of the notice,

and the OGA may revoke such a further notice at a particular time by serving on the Licensee a notice in writing stating that the further notice is revoked at that time.

(6) Any question arising under clause 17 of this licence or this clause as to what is, is not or is required in the national interest or as to what is, is not or is required by reason of, a national emergency shall be determined by the OGA.

(7) The Licensee shall ensure that any conditions to which an approval is subject in pursuance of clause 17(4)(b) of this licence or to which a consent is subject in pursuance of paragraph (1) of this clause are complied with.

- (8) If in respect of part of the Licensed Area-
- (a) a consent has been given in pursuance of paragraph (1) of clause 17 of this licence; or
 - (b) the Licensee has submitted to the OGA, in accordance with a direction given by virtue of paragraph (3)(a) of that clause, a programme in pursuance of paragraph (2) of that clause-
 - (i) as respects which the OGA has served notice in pursuance of paragraph (4)(a) or (b) or paragraph (6) of that clause; or
 - (ii) in consequence of which the OGA has served a programme on the Licensee in pursuance of the said paragraph (6); or
 - (iii) in respect of which it has been determined in consequence of any reference to arbitration in the manner provided by clause 43 of this licence that the Licensee is not required by virtue of paragraph (5)(c)(i) of that clause to submit modifications,

paragraph (1) of clause 41 of this licence shall not authorise the OGA to revoke this licence in relation to that part of the Licensed Area in consequence of any breach or non-observance, while the consent is in force or during the period to which the programme relates, of any provision of the said clause 17 in connection with a different part of the Licensed Area.

(9) Where in consequence of any breach or non-observance by the Licensee of any provision of clause 17 of this licence the OGA has power by virtue of paragraph (1) of clause 41 of this licence to revoke this licence or, in consequence of paragraph (8) of this clause, to revoke it in respect of part only of the Licensed Area, it may if it thinks fit-

- (a) in a case where it has power to revoke this licence, exercise the power in relation to such part only of the Licensed Area as it may specify; and
- (b) in a case where by virtue of the said paragraph (8) it has power to revoke

it in respect of part only of the Licensed Area, exercise the power in relation to such portion only of that part as it may specify,

and where in consequence of the said paragraph (8) or by virtue of the preceding provisions of this paragraph the OGA revokes this licence in respect of a part or portion of the Licensed Area, the rights granted by this licence shall cease in respect of that part or portion without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

Commencement and abandonment and plugging of Wells

19. -(1) The Licensee shall not commence or recommence the drilling of any Well without the consent in writing of the OGA.

(2) Subject to paragraph (6), the Licensee shall not abandon any Well without the consent in writing of the OGA.

(3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.

(4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the Well, or to any casing of the Well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or abandoning of the Well, the OGA may from time to time direct that the Well and all records relating thereto shall be examined in such manner, upon such occasions or at such intervals and by such person as may be specified by the OGA's direction and the Licensee shall pay to any such person or to the OGA such fees and expenses for such examination as the OGA may specify.

(5) The plugging of any Well shall be done in accordance with a specification approved by the OGA applicable to that Well or to Wells generally or to a class of Wells to which that Well belongs and shall be carried out in an efficient and workmanlike manner.

(6) The OGA may at any time give the Licensee a notice requiring a well drilled pursuant to this licence to be plugged and abandoned in accordance with paragraph (5) within the period specified in the notice (but this paragraph is subject to paragraphs (8) and (9)).

(7) The Licensee shall comply with any notice under paragraph (6).

(8) A notice under paragraph (6) may not be given less than one month before the expiry or determination of the Licensee's rights under this licence in relation to the area, or the part of the area, in which the well is drilled.

(9) A notice under paragraph (6) may be given only in relation to a well from which the Licensee has not extracted any petroleum within the period of one month ending with the day on which the notice is given.

(10) Subject to paragraphs (6) to (7) and (11) and (12) of this clause, any Well drilled by the Licensee pursuant to this licence shall be plugged and abandoned in accordance with paragraphs (2), (3), (4) and (5) of this clause, not less than one month before the expiry or determination of the Licensee's rights in respect of the

area or part thereof in which that Well is drilled.

(11) A direction by the OGA may be given by notice in writing to the Licensee not less than one month before the Licensee's rights in respect of the area or part thereof in which the Well is situate expire or determine so as to relieve the Licensee of the obligation imposed by paragraph (10) of this clause to plug and abandon the Well.

(12) Where the OGA revokes this licence, any Well drilled by the Licensee pursuant to this licence shall-

- (a) be plugged and abandoned in accordance with paragraphs (2), (3), (4) and (5) of this clause, as soon as reasonably practicable; or
- (b) if the Minister so directs at the time of revocation, be left in good order and fit for further working together with all casings and any Well head fixtures the removal whereof would cause damage to such Wells.

(13) Any well that, pursuant to a direction by the OGA under paragraph (11) of this clause, has not been plugged and abandoned, shall be left in good order and fit for further working together with all casings and any Well head fixtures the removal whereof would cause damage to such wells.

(14) All casings and fixtures forming part of a Well and left in position at the expiry or determination (whether by revocation or otherwise) of the Licensee's rights in respect of the area or part thereof in which that Well is drilled, or at the completion of any works required of the Licensee under paragraph (12) of this clause (whichever is the later), shall be the property of the OGA.

Distance of Wells from boundaries of Licensed Area

20. No Well shall except with the consent in writing of the OGA be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the Licensed Area.

Control of Development Wells

21. -(1) The Licensee shall not suspend work on the drilling of a Development Well, or having suspended it in accordance with this paragraph shall not begin it again, except with the consent in writing of the OGA and in accordance with the conditions, if any, subject to which the consent is given.

(2) When work on the drilling of a Development Well is suspended in accordance with paragraph (1) of this clause, the Licensee shall forthwith furnish the OGA with such information relating to the Well as the OGA may specify.

(3) The Licensee-

- (a) shall not do any Completion Work in respect of a Well in the Licensed Area except in accordance with a programme of Completion Work approved by the OGA in respect of the Well;
- (b) shall furnish to the OGA, in accordance with the provisions of such a programme, particulars of any Completion Work done by him in respect of a Well in the Licensed Area; and
- (c) shall not remove or alter any casing or equipment installed by way of Completion Work in respect of a Well except with the consent in writing of the OGA and in accordance with the conditions, if any, subject to which the

consent is given.

(4) In this clause-

"Completion Work", in relation to a Well, means work, by way of the installation of a casing or equipment or otherwise after the Well has been drilled, for the purpose of bringing the Well into use as a Development Well; and

"Development Well" means a Well which the Licensee uses or intends to use in connection with the getting of Petroleum in the Licensed Area, other than a Well which for the time being he uses or intends to use only for searching for Petroleum.

Provision of storage tanks, pipes, pipelines or other receptacles

22. The Licensee shall use methods and practice customarily used in good oilfield practice for confining the Petroleum obtained from the Licensed Area in tanks, gasholders, pipes, pipe-lines or other receptacles constructed for that purpose.

Avoidance of harmful methods of working

23. -(1) The Licensee shall maintain all apparatus and appliances and all Wells in the Licensed Area which have not been abandoned and plugged as provided by clause 19 of this licence in good repair and condition and shall execute all operations in or in connection with the Licensed Area in a proper and workmanlike manner in accordance with methods and practice customarily used in good oilfield practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order-

- (a) to control the flow and to prevent the escape or waste of Petroleum discovered in or obtained from the Licensed Area;
- (b) to conserve the Licensed Area for productive operations;
- (c) to prevent damage to adjoining Petroleum-bearing strata;
- (d) to prevent the entrance of water through Wells to Petroleum-bearing strata except for the purposes of secondary recovery; and
- (e) to prevent the escape of Petroleum into any waters in or in the vicinity of the Licensed Area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister or the OGA in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 43 of this licence.

(3) Notwithstanding anything in the preceding provisions of this clause, the Licensee shall not-

- (a) flare any gas from the Licensed Area; or
- (b) use gas for the purpose of creating or increasing the pressure by means of which Petroleum is obtained from that area,

except with the consent in writing of the OGA and in accordance with the conditions, if any, of the consent.

(4) An application for consent in pursuance of paragraph (3) of this clause must be made in writing to the OGA and must specify the date on which the Licensee

proposes to begin the flaring or use in question; and subject to paragraph (5) of this clause that date must not be before the expiration of the period of two years beginning with the date when the OGA receives the application.

(5) If the OGA gives notice in writing to the Licensee stating that, in consequence of plans made by the Licensee which the OGA considers are reasonable, the OGA will entertain an application for consent in pursuance of paragraph (3) of this clause which notice specifies a date after the expiration of a period mentioned in the notice which is shorter than the period mentioned in paragraph (4) of this clause, an application made in consequence of the notice may specify, as the date on which the applicant proposes to begin the flaring or use in question, a date after the expiration of that shorter period.

(6) Before deciding to withhold consent or to grant it subject to conditions in pursuance of paragraph (3) of this clause, the OGA shall give the Licensee an opportunity to make representations in writing to the OGA about the technical and financial factors which the Licensee considers are relevant in connection with the case and shall consider any such representations then made to it by the Licensee.

(7) Consent in pursuance of paragraph (3) of this clause shall not be required for any flaring which, in consequence of an event which the Licensee did not foresee in time to deal with it otherwise than by flaring, is necessary in order-

- (a) to remove or reduce the risk of injury to persons in the vicinity of the Well in question; or
- (b) to maintain a flow of Petroleum from that or any other Well,

but when the Licensee does any flaring which is necessary as aforesaid he shall forthwith inform the OGA that he has done it and shall, in the case of flaring to maintain a flow of Petroleum, stop that flaring upon being directed by the OGA to do so.

(8) The Licensee shall give notice to the OGA of any event causing the escape or waste of Petroleum, damage to Petroleum-bearing strata or the entrance of water through Wells to Petroleum-bearing strata except for the purposes of secondary recovery forthwith after the occurrence of that event and shall, forthwith after the occurrence of any event causing the escape of Petroleum into the sea, give notice of the event to the Chief Inspector of Her Majesty's Coastguard.

(9) The Licensee shall comply with any reasonable instructions from time to time given by the OGA with a view to ensuring that funds are available to discharge any liability for damage attributable to the release or escape of Petroleum in the course of activities connected with the exercise of rights granted by this licence; but where the OGA proposes to give such instructions it shall before giving them-

- (a) give the Licensee particulars of the proposal and an opportunity to make representations to the OGA about the proposal; and
- (b) consider any representations then made to it by the Licensee about the proposal.

Appointment of operators

boring for or getting Petroleum in pursuance of this licence unless that other person is a person approved in writing by the OGA and the function in question is one to which that approval relates.

(2) The OGA shall not refuse to give its approval of a person in pursuance of paragraph (1) of this clause if that person is competent to exercise the function in question, but where an approved person is no longer competent to exercise that function the OGA may, by notice in writing given to the Licensee, revoke its approval.

Fishing and navigation

25. The Licensee shall not carry out any operations authorised by this licence in or about the Licensed Area in such manner as to interfere unjustifiably with navigation or fishing in the waters of the Licensed Area or with the conservation of the living resources of the sea.

Training

26. -(1) The Minister or the OGA may from time to time give to the Licensee instructions in writing as to the training of persons employed or to be employed, whether by the Licensee or by any other person, in any activity which is related to the exercise of the rights granted by this licence and the Licensee shall ensure that any instructions so given are complied with.

(2) The Minister or the OGA shall not give instructions in pursuance of paragraph (1) of this clause unless the Minister or the OGA (as applicable) has consulted as to the provisions proposed to be included in such instructions the Petroleum Industry Training Board or such other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to those at present performed by the said Board.

(3) The Licensee shall furnish the Minister or the OGA with such information relating to the training of persons referred to in paragraph (1) of this clause as the Minister or the OGA may from time to time request.

Unit development

27. -(1) If at any time at which this licence is in force the OGA shall be satisfied that the strata in the Licensed Area or any part thereof form part of a single geological Petroleum structure or Petroleum field (hereinafter referred to as "an Oil Field") other parts whereof are formed by strata in areas in respect of which other licences granted in pursuance of the Act are then in force and the OGA shall consider that it is in the national interest in order to secure the maximum ultimate recovery of Petroleum and in order to avoid unnecessary competitive drilling that the Oil Field should be worked and developed as a unit in co-operation by all persons including the Licensee whose licences extend to or include any part thereof the following provisions of this clause shall apply.

(2) Upon being so required by notice in writing by the OGA the Licensee shall co-operate with such other persons, being persons holding licences under the Act in respect of any part or parts of the Oil Field (hereinafter referred to as "the other Licensees") as may be specified in the said notice in the preparation of a scheme (hereinafter referred to as "a Development Scheme") for the working and

development of the Oil Field as a unit by the Licensee and the other Licensees in co-operation, and shall, jointly with the other Licensees, submit such scheme for the approval of the OGA.

(3) The said notice shall also contain or refer to a description of the area or areas in respect of which the OGA requires a Development Scheme to be submitted and shall state the period within which such scheme is to be submitted for approval by the OGA.

(4) If a Development Scheme is not submitted to the OGA within the period so stated or if a Development Scheme so submitted is not approved by the OGA, the OGA may itself prepare a Development Scheme which shall be fair and equitable to the Licensee and all other Licensees, and the Licensee shall perform and observe all the terms and conditions thereof.

(5) If the Licensee objects to any such Development Scheme prepared by the OGA he may within 28 days from the date on which notice in writing of the said scheme shall have been given to him by the OGA refer the matter to arbitration in the manner provided by clause 43 of this licence.

(6) Any such Development Scheme or the award of any arbitrator or arbiter in relation thereto shall have regard to any direction pursuant to clause 28 of this licence in force at the date of such scheme.

Directions as to Oil Fields across boundaries

28. -(1) Where the OGA is satisfied that any strata in the Licensed Area or any part thereof form part of an Oil Field, other parts whereof are in an area to which the OGA's powers to grant licences pursuant to the Act do not apply and the OGA is satisfied that it is expedient that the Oil Field should be worked and developed as a unit in co-operation by the Licensee and all other persons having an interest in any part of the Oil Field, the OGA may from time to time by notice in writing give to the Licensee such directions as the OGA may think fit, as to the manner in which the rights conferred by this licence shall be exercised.

(2) The Licensee shall observe and perform all such requirements in relation to the Licensed Area as may be specified in any such direction.

(3) Any such direction may add to, vary or revoke the provisions of a Development Scheme.

The Licensee shall also indicate on the said plan all development and other works executed by him in connection with searching, boring for or getting Petroleum.

(3) The Licensee shall furnish the OGA with such information as the OGA may from time to time request about any aspect of activities of the Licensee which are attributable directly or indirectly to the grant of this licence, except that the Licensee shall not by virtue of this paragraph be required to furnish information in respect of his activities in connection with any crude oil after he has appropriated it for refining by him.

(3A) The functions of the OGA under paragraph (3) shall be exercisable concurrently by the Chancellor of the Exchequer.

(4) The Licensee shall comply with any request for information made in accordance with paragraph (3) above either-

Reports to be treated as confidential

32. All records, returns, plans, maps, samples, accounts and information (in this clause referred to as "the specified data") which the Licensee is or may from time to time be required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the OGA or the Crown-

Provided that-

(a) the OGA shall be entitled at any time to make use of any of the specified data for the purpose of preparing and publishing such returns and reports as may be required of the OGA by law;

(b) the OGA shall be entitled at any time to furnish any of the specified data to the Natural Environment Research Council and to any other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to the geological activities at present carried on by the said Council;

Right of distress

36. -(1) This clause applies in respect of any part of the Licensed Area situated within the English or Northern Irish areas as defined in article 1(2) of the Civil Jurisdiction (Offshore Activities) Order 1987.

(2) If and whenever any of the payments mentioned in clause 12(1) of this licence or any part thereof shall be in arrear or unpaid for 28 days next after any of the days whereon the same ought to be paid (whether the same shall have been legally demanded or not) then and so often as the same may happen the OGA may (as an additional remedy and without prejudice to any other rights and remedies to which it would be entitled) enter into and upon any of the Licensee's installations and equipment used or to be used in connection with searching, boring for or getting

Petroleum in the Licensed Area and may seize and distrain and sell as a landlord may do for rent all or any of the stocks of Petroleum, engines, machinery, tools, implements, chattels and other effects belonging to the Licensee which shall be found in or upon or about any of the Licensee's installations and equipment so entered upon and out of the moneys arising from the sale of such distress may retain and pay all the arrears of the said payments and also the costs and expenses of and incident to such distress and sale and shall pay the surplus (if any) to the Licensee.

39. No statement shall be made either in any notice, advertisement, prospectus or other document issued by or to the knowledge of the Licensee or in any other manner claiming or suggesting whether expressly or by implication that the OGA has formed or expressed any opinion that the Licensed Area is from its geological formation or otherwise one in which Petroleum is likely to be obtainable.

Restrictions on assignment, etc.

40. -(1) The Licensee shall not, except with the consent in writing of the OGA and in accordance with the conditions (if any) of the consent do anything whatsoever whereby, under the law (including the rules of equity) of any part of the European Union or of any other place, any right granted by this licence or derived from a right so granted becomes exercisable by or for the benefit of or in accordance with the

directions of another person.

(2) An agreement permitting the carrying out of geological surveys by physical or chemical means in the Licensed Area is not prohibited by paragraph (1) of this clause if the person by whom such surveys are to be carried out is-

- (a) the holder of a licence granted by the OGA of the right, in common with all other persons to whom the like right may have been granted, to search for Petroleum in respect of an area which would include the Licensed Area, but for a proviso therein excluding the exercise of such right in the Licensed Area without the consent of the Licensee; or
- (b) the holder of a licence granted by the OGA to search and bore for, and get, Petroleum in an area adjacent to the Licensed Area,

and if the information intended to be obtained by such survey is reasonably necessary to enable that holder more efficiently to exercise the rights granted by the licence which he holds from the OGA.

(3) The Licensee shall not enter into any agreement providing for a person other than the Licensee to become entitled to, or to any proceeds of sale of, any Petroleum which, at the time when the agreement is made, has not been but may be won and saved from the Licensed Area unless the terms of the agreement have been approved in writing by the OGA either unconditionally or subject to conditions, but the preceding provisions of this paragraph do not apply to-

- (a) an agreement for the sale of such Petroleum under which the price is payable after the Petroleum is won and saved; and
- (b) an agreement in so far as it provides that, after any Petroleum has been won and saved from the Licensed Area, it shall be exchanged for other Petroleum.

(4) The Licensee shall not, without the consent of the OGA, dispose of any Petroleum won and saved in the Licensed Area or any proceeds of sale of such Petroleum in such a manner that the disposal does, to the knowledge of the Licensee or without his knowing it, fulfil or enable another person to fulfil obligations which a person who controls the Licensee, or a person who is controlled by a person who controls the Licensee, is required to fulfil by an agreement which, if the person required to fulfil the obligations were the Licensee, would be an agreement of which the terms require approval by virtue of paragraph (3) of this clause; and for the purposes of this paragraph, whether a person has control of another person is to be determined as if sections 450(2) to (4) and 451(1) to (5) of the Corporation Tax Act 2010 apply subject to the following modifications-

- (a) for the words "the greater part" wherever they occur in section 450(3), there are substituted the words "one-third or more";
- (b) in section 451(4) and (5), for the word "may" there is substituted the word "must"; and
- (c) in section 451(4) and (5) any reference to an associate of a person is to be construed as including only-
 - (i) a relative (as defined in section 448(2) of that Act) of the person;
 - (ii) a partner of the person; and
 - (iii) a trustee of a settlement (as defined in section 620 of the Income Tax (Trading and Other Income) Act 2005 of which the person is a beneficiary.

(5) Where the Licensee is two or more persons, then, without prejudice to the

preceding provisions of this clause, none of those persons shall enter into an agreement with respect to the entitlement of any of them to-

- (a) the benefit of any right granted by this licence; or
- (b) any Petroleum won and saved from the Licensed Area; or
- (c) any proceeds of sale of such Petroleum,

unless the terms of the agreement have been approved in writing by the OGA, but the preceding provisions of this paragraph do not apply to an agreement for the sale, or for the proceeds of such sale, of such Petroleum under which the price is payable after the Petroleum is won and saved and an agreement in so far as it provides that, after any Petroleum has been won and saved from the Licensed Area, it shall be exchanged for other Petroleum.

Power of revocation

41. -(1) If any of the events specified in the following paragraph shall occur then and in any such case the OGA may revoke this licence and thereupon the same and all the rights hereby granted shall cease and determine but subject nevertheless and without prejudice to any obligation or liability incurred by the Licensee or imposed upon him by or under the terms and conditions hereof.

(2) The events referred to in the foregoing paragraph are-

- (a) any payments mentioned in clause 12(1) of this licence or any part thereof being in arrear or unpaid for two months next after any of the days whereon the same ought to have been paid;
- (b) any breach or non-observance by the Licensee of any of the terms and conditions of this licence;

- (g) any breach or non-observance by the Licensee of the terms and conditions of a Development Scheme;
- (h) if the Licensee is a company, the Licensee's ceasing to direct and control either-
 - (i) its operations under the licence; or
 - (ii) any commercial activities in connection with those operations, from a fixed place within the United Kingdom;
- (i) any breach of a condition subject to which the OGA gave its approval in pursuance of clause 40(3) of this licence;
- (j) any breach of clause 40(5) of this licence,

and where two or more persons are the Licensee any reference to the Licensee in sub-paragraphs (c) to (h) of this paragraph is a reference to any of those persons.

(3) The OGA may revoke this licence, with the like consequences as are mentioned in paragraph (1) of this clause, if-

- (a) the Licensee is a company; and

- (b) there is a change in the control of the Licensee; and
- (c) the OGA serves notice in writing on the Licensee stating that the OGA proposes to revoke this licence in pursuance of this paragraph unless such a further change in the control of the Licensee as is specified in the notice takes place within the period of three months beginning with the date of service of the notice; and
- (d) that further change does not take place within that period.

(4) There is a change in the control of the Licensee for the purposes of paragraph (3)(b) of this clause whenever a person has control of the Licensee who did not have control of the Licensee when this licence was granted (or, if there has been an assignment or assignation of rights conferred by this licence, when those rights were assigned to the Licensee); and sections 450(2) to (4) and 451(1) to (5) of the Corporation Tax Act 2010 shall apply, for the purpose of determining whether for the purposes of this paragraph a person has or had control of the Licensee, with the modifications specified in clause 40(4) of this licence.

- (5) Where two or more persons are the Licensee and any of them is a company, paragraphs (3) and (4) of this clause shall have effect as if-
- (a) sub-paragraph (a) of paragraph (3) were omitted;
 - (b) in sub-paragraph (b) of that paragraph, after the word "of" there were inserted the words "any company included among the persons who together constitute"; and
 - (c) for the word "Licensee" in any other provision of those paragraphs there were substituted the word "company".

Power of partial revocation

42. -(1) This clause applies in a case where two or more persons are the Licensee and-
- (a) an event mentioned in clause 41(2)(c), (d), (e), (f) or (h) occurs in relation to one of those persons; or
 - (b) the conditions specified in clause 41(3) are satisfied in relation to one of those persons.

(2) Where this clause applies, the OGA may exercise the power of revocation in clause 41 to revoke the licence in so far as it applies to the person mentioned in paragraph (1)(a) or (b).

(3) If the OGA exercises the power in paragraph (2), the rights granted to the person under this licence cease, but without prejudice to any obligation or liability incurred by the person or imposed under the terms and conditions of this licence.

(4) Where this licence is revoked in relation to one person under this clause, it continues to have effect in respect of the other person who constitutes, or persons who together constitute, the Licensee and in relation to whom it is not revoked.

Arbitration

43. -(1) If at any time any dispute, difference or question shall arise between the Minister or the OGA and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this licence that the matter or

thing to which the same relates is to be determined, decided, directed, approved or consented to by the Minister or the OGA, be referred to arbitration as provided by the following paragraphs.

(2) The arbitration referred to in the foregoing paragraph shall be by a single arbitrator who, in default of agreement between the Minister or the OGA and the Licensee and, in the case of arbitration in relation to a Development Scheme, other Licensees affected by that scheme, as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being.

(3) To the extent that this clause applies to any part of the Licensed Area situated within the Scottish area, as defined in article 1(2) of the Civil Jurisdiction (Offshore Activities) Order 1987, this clause shall have effect as if-

- (a) for the word "arbitrator", wherever it occurs in paragraphs (2) and (5) of this clause there were substituted the word "arbiter"; and
- (b) for the words "the Lord Chief Justice of England", in paragraph (2) there were substituted the words "the Lord President of the Court of Session".

- (a) consult the organisations which represent the local fishing industry about the sea routes to be used by supply vessels;
- (b) after informing the OGA of the result of such consultations, agree with it

- which routes shall be used to minimise interference with fishing activities without thereby unreasonably increasing transit times;
- (c) ensure that the agreed routes are used unless safety of navigation or security of cargo considerations dictate otherwise; and
- (d) take all reasonable steps to ensure that a responsible person who is fluent in English is a member of the crew of the supply vessel.

(2) The Licensee shall make every effort to locate and remove, without unreasonable delay, any debris resulting from the licensed activities. The Licensee shall consult the relevant fishing organisations on the method of clearance and inform the OGA of the result of such consultation. If as a result of such consultation the OGA determines that the method of clearance of debris should be modified, such modifications shall be observed by the Licensee.

(3) Claims for damage to or loss of gear or loss of fishing time arising from reported debris shall be dealt with promptly by the Licensee.

The OGA shall give notice of any such determination ("biennial determination") not less than one month before the date on which such payment falls due, and shall specify in the notice the increase or reduction in the amount payable. Movements in the Index shall be calculated by reference to a comparison between the arithmetic mean of the Index levels for the two latest calendar years for which figures are available at the time when the determination is made, and the arithmetic mean of the Index levels for the two latest calendar years before the Start Date. In the event that the Index of the Price of Crude Oil acquired by Refineries ceases to be published the OGA may substitute arrangements for redetermination of periodic payments having substantially similar effect to those set out above.
- (b) The increase or reduction specified in a biennial determination shall be payable or take effect on the anniversary of the Start Date next following the date of the relevant determination.
- (c) No biennial determination shall have effect so as to reduce the Periodic Payments below the levels set out in sub-paragraph (1) above.
